COMPANY OVERVIEW

A GLOBAL LUXURY DESIGNER BRAND,
QUINTESSENTIALLY ITALIAN WITH AN
EDGY BUT OPTIMISTIC AESTHETIC

Caterina Ravaglia and Federico Brighi founded KATE CATE in 2017 with the purpose of creating strong and distinctive leather accessories.

The company's motto comes from Diana Vreeland: "Style - all who have it share one thing: originality" and every piece is meant to be a special addition to every own-style vision.

The aesthetic is inspired by episodes of life as well as various forms of beauty - music, cinema, and architecture, reinterpreted and crafted with their own touch, creating a new version of the story.

KATE CATE's styles own distinctive traits which allowed the brand to be easily recognizable and gain its niche in the fashion industry.

In fact, the concept immediately found its following with the fashion elite, creating a new point of reference for stylish, highly made and feminine leather accessories .

KATE CATE was launched through its successful online platform, kate-cate.com and also gained a selective presence in the world's most iconic and prestigious department stores, independent and online luxury fashion retailers.
