

**VINTAGE SELECTION no. 35:
“Vintage Flagship”
returns to the CAVANIGLIA PAVILION at the FORTEZZA**

Vintage Selection no.35, the reference fair for vintage design clothing, accessories and objects returns to the Cavaniglia Pavilion of the Fortezza da Basso following the success of the last winter edition.

On stage from **Wednesday 22 to Sunday 26 January**, ***Vintage Selection*** confirms its close links with **Pitti Filati (22-24 January)**, the event organized by Pitti Immagine at the Fortezza da Basso that presents excellences in yarn manufacturing on an international scale to its audience of top buyers, designers for the most prestigious *maisons*, creatives and fashion experts from all over the world. A successful combination, a complementary selection of opportunities and stylistic research as well as a synergy of communication: a success that, at the last winter edition, resulted in *Vintage Selection* registering a total of more than 7,900 visitors over the 5 days of the fair.

A hyper specialized public for whom every time ***Vintage Selection*** provides a stimulating experience with a high creative content, assuming the role of a concept lab for the trends of the past as well as an extraordinary archive from which to draw inspiration for their research. Plus, the numerous vintage culture enthusiasts, collectors and curious parties who make the fair itself, as well as all the accompanying fringe events, into a regular festival for this lifestyle dimension.

NEW FOR THIS EDITION

The general theme of this edition, ***Vintage Flagship***, recalls the flags of *Show your Flags at Pitti*, the theme of the Pitti Immagine winter fairs and a tribute to their ability to be extraordinary receptacles of ideas and innovations showcasing contemporary fashion and lifestyle evolutions. A theme that *Vintage Selection* will also portray through its particular retro-contemporary filter.

Flags also inspire **the layout** which makes reference to the nautical alphabet, while the outfits will create interesting and innovative connections between color and shape.
