

From 1956

A story of passion, refined craftsmanship and innovation

Piero and Maurizio Peroni have been running their Company since 1956 driven by their passion for beauty and their idea of creating unique products, carefully defined in any single detail, all 100%
handmade in Florence/Italy

Today, the third Peroni generation is still using the original ancient Florentine cuoietto technique, combining it with a rigorous selection of raw materials and high quality artisanship.

Piero&Maurizio have been making refined handdamade creations with passion and skill in their workshop in **Florence**

**Every single Peroni piece is created with care and love,
telling its own story**

All Peroni production is exclusively hand made: no compromise are
accepted but quality to create a contemporary
object with ancient root.

Peroni Collections are totally customizable according to our clients
taste and always capable of overcoming the passing of time

We respect environment

We use only vegetable tanned and hypoallergenic leather and
biodegradable paintings
